PLEDGE FAITH TO BOB AND APPEAL TO THE NATION

Progressive League Sends Avowal of Allegiance to Senator La Follette, Ill in Washington

ADDRESS TO PROGRESSIVES

Strong Statement Backing Wisconsin Candidate Issued to People of the United States Today

LA FOLLETTE HITS DESERTERS

Public Utterance by Senator This Morning Alarms Roosevelt Men by Note of Defiance

MADISON, Wis., Feb. 15.—(Special.)—Senator Robert M. La Follette, Washington, D. C. —A conference of the progressive republicans of Wisconsin, including their twenty-six candidates for delegates to the national convention, send you this greeting: "The republicans of Wisconsin see straight to the end of the path. With vision unobscured they see beyond the confusion of the present to the assurance of certain victory in the distance. Knowing you, they know that you have never faltered or halted in pressing forward in the great fight to do for the nation what you have done for this state—to bring back to all the people the common right of all. They ask for no reassurance, require no bolstering of hopes, need no confirmation in the faith. With ranks unbroken, steadfastly as you have made the fight for them, they stand in the fight for you and for the principles you represent."

"JOHN J. BLAINE, Chairman.
"ERICH C. STERN, Secretary."

After sending the foregoing pledge to Senator La Follette last night, the meeting of the Wisconsin Progressive Republican League and La Follette candidates for delegate to the national republican convention this morning issued an address to the progressives of the United States, in which it is set forth that Wisconsin will inevitably present the name of Robert M. La Follette at the republican national convention as a candidate for the presidential nomination.

La Follette "Coming Back"
Particular interest was created by the assertion of Walter L. Houser, national manager of the La Follette campaign, that the extent of La Follette's illness had been grossly exaggerated, the misrepresentation in this direction having been as conscious as that regarding the alleged withdrawal of the Wisconsin from the presidential race.

Strikes at Deserter
The following Washington dispatch was read here today with considerable interest, as it probably was also at Oyster Bay:

"Bitterness between La Follette and Roosevelt camps here became apparent today with the disclosure that the La Follette bureau had issued as a preface to one of the senator's statements that he would not retire, the announcement that this would set at rest 'statements of his one-time supporters.' Politicians here regarded this statement as a direct slap at Roosevelt and former La Follette boosters who have jumped on the T. R. band wagon."

The National Address

Following is the address issued today by the progressive republicans of the United States:

"Every political party that would fulfill its mission must assure the fullest measure of representative government to the people."

"Devotion to fundamental principles is of immeasurably more importance than political expediency or party success."

"No hope of temporary victory can justify equivocation or the abandonment of these principles, nor will the people's choice or the party's choice of men be ascertained where the basis of representation is not equitable or where political machinery defeats the public will."

"The advancement of every great public cause has been brought about by constant struggles under fearless, intelligent leadership for the preservation of inalienable rights. Such leadership is imperatively needed by the republican party at the present time."

"Robert M. La Follette has been tested, tried and proven true. Under his leadership, Wisconsin more than any other state, has made the will of the people the law of the land."

Ananias Club Succeeded By The Alienist Club

WASHINGTON, Feb. 15.—The "Alienists club" started here today when managers for half a dozen presidential booms sought medical definitions for definitions for additions to the political phrasology of the day. President Taft started the fad by dubbing progressives "neurotics," and Medill McCormick, Roosevelt boomer, retorted with the charge that the stand-patters were "paranoiacs."

McCormick absolutely refused to say what "political paranoia" was when asked. He suggested a dictionary and then sought refuge in a private office. Chairman McKinley of the Taft headquarters, admitted sadly that he was not an alienist and did not know what McCormick meant. Representative Vic Murdock, the Kansas progressive, said he thought it was an animal but was not sure.

\$20,000 STOLEN IN DAYLIGHT

Thugs Attack Bank Messengers in New York and Obtain a Large Sum

IS DONE IN A TAXICAB

Enter Machine and Beat Occupants while Passing Police; Escape in Auto

NEW YORK, Feb. 15.—Between \$20,000 and \$25,000 in cash was the booty obtained by three hold-up men in one of the most desperate taxicab robberies in the history of downtown New York today. The cash belonged to the East River National bank and was taken from two of its messengers who were en route to another bank in a taxi to deposit the money. Both men were black-jacked into unconsciousness and the chauffeur of the taxicab, after being terrorized with a revolver, was forced at its point to drive the robbers to where they had a big automobile, in which they escaped.

The two men who were held up were William Smith, 61, of Brooklyn, and Frank Werrell, 16, of Paterson, N. J. They were in the taxicab with the money, \$15,000 in five-dollar bills, when, at Trinity Place and Rector street, three men jumped on the cab. One sprang on the seat with the driver and the other two took places at the doors on the running boards.

Gun Covers Driver.

The man on the seat with the driver shoved a revolver against his side, covering it with the lap robe. "Drive fast," he yelled, and at the same time the men on the running board entered the cab. Two policemen were passed, but the driver was afraid to say anything and the windows of the taxicab were up, so that the police could not see inside. There was nothing in the appearance of the cab to attract attention. At Park Place and Church street the men jumped out, carrying the bag which contained the money. All three immediately jumped into a black automobile, which was waiting, and escaped.

The taxi was owned and driven by Geno Martine, and had been used many times by the officials of the East River bank to transfer cash and securities. The cab had left the East River bank at 10:25 and gone to the Produce Exchange bank. It was after leaving that institution that the hold-up took place. Both of the messengers were so badly beaten that they had to be taken to a hospital to have their injuries dressed.

After questioning Martine at length, the police took him and his taxicab to headquarters. There the finger print experts of the department went over the machine in an effort to find finger prints which might give them a clue. While this was going on, Inspector Hughes and Deputy Commissioner Dougherty grilled Martine.

As soon as the two messengers had their injuries dressed, they were taken to headquarters to inspect the rogue's gallery to see if they could recognize any of the inmates as being implicated in the hold up.

PASTOR FOUND TO BE A BIGAMIST

JOLIET, Ill., Feb. 15.—Rev. John Horton was today found guilty of bigamy after Amanda Brenker of Beecher, Ill., had appeared against him and told all the circumstances of her bigamous marriage to him. After her marriage to the preacher, the young woman discovered and he had deserted a wife and family in England. This wife has written that she has forgiven her husband. Horton will be sentenced from one to five years in prison.

GIVES COMMITTEE TRUST BLACKLIST

City Editor of Pittsburg Paper Gives Probe Body Stolen List of Barred Employees

EACH COMPANY HAD COPY

All Subsidiary Companies of Steel Trust Kept Copies of List, Says Editor

WASHINGTON, Feb. 15.—A "blacklist" of several thousand employees of the steel industry, purporting to have been circulated among subsidiaries of the steel trust was presented to the Stanley steel committee of the house today by H. H. Eagle, city editor of the Pittsburg leader.

The list was a huge roll of manuscripts with the employees' names, date of leaving and cause. Eagle said he secured it from a man who represented himself as Thomas Morgan, a labor agent for the Carnegie steel trust, 18 months ago. Morgan, he said, told him that the "blacklist" was kept in the offices of the various subsidiaries.

Morgan told Eagle that each superintendent of a subsidiary company kept a copy of the list. The list extended from 1898 to 1903. The steel corporation was organized in 1902. Attorney Reed for the corporation volunteered that Thomas Morgan had been employed in the office of Assistant to the president of the Carnegie company, prior to 1905.

"Did Morgan tell you that he had stolen the book?" asked Stanley. "I understood so," said Eagle. "The witness said that Alexander P. Moore, owner of the Leader, was a party to the original negotiations with Morgan. The latter he said furnished a list of men then in Pittsburgh who could confirm the list story."

A further defense of the steel trust's treatment of its employees was made to the Stanley steel committee today by Percival Roberts, Jr., director of the "trust."

Roberts produced photographs of steel workers to disprove Louis D. Brandeis' charge that work in the steel mills makes "old men at forty." One photograph showed a group of employees of the Pennsylvania Coal and Iron works of an average of 58 years with an average length of service of 31 years.

The steel trust representatives enumerated free hospitals, gymnasiums and swimming pools among the benefits conferred by the corporation. He denied that the welfare plan was a scheme to enable the corporation to hold its men in a "variety of slavery."

FIVE TO DIE ON GALLOWES AT ONCE

Four Whites and a Negro Will Be Executed in Chicago Tomorrow; Refused Pardon

CHICAGO, Feb. 15.—Four men and a boy of 18 will tomorrow, in the county jail here, pay the extreme penalty of the law. Until noon today two of the youngest of the murderers were still hopeful that they would escape death, but the refusal of the state board of pardons and lawyers, blotted out the last chance of official interference with the program laid out by Sheriff Zimmer for the execution which will make a record for the state.

The final word that sealed their doom was delivered to the four murderers of Fred Guelzow by Jailer Davies.

The wife of Frank Shilbawski, one of the condemned men, was with him when the jailer broke the news. For a moment she did not comprehend, then without uttering a word she fell, a crumpled heap on the stone floor of the jail corridor. Although their faces were blanched with fear, the four Guelzow murderers listened to the words of the jailer with almost stoic indifference.

Then the four men went to mass in the prison chapel. They were joined there by Thomas Jennings, the negro murderer of Clarence Hiller, who was refused clemency yesterday. Jennings recently became a convert to the Catholic faith and Father F. M. O'Brien, the jail chaplain, says he is prepared to die.

Sheriff Zimmer announced that the two men showing the greatest bravery would be hanged first, then the two other white men would be led to the gallows, and Jennings, the negro, will mount the gallows last and alone, the white murderers having objected to dying with him.

STANDARD DECLARES DIVIDEND

NEW YORK, Feb. 15.—The Standard Oil company of New Jersey (the parent company) today declared a dividend of \$5 a share payable March 15 to stockholders of record February 19.

Wood Needed To Complete Sentence

The judgment and command of the police court of La Crosse is about to be disobeyed. This is due to nothing more startling than the lack of a wood pile. A week ago Sever Johnson was sentenced to spend fifteen days sawing wood at the city hall as punishment for becoming intoxicated. Sever has worked industriously for six days and now finds that the last stick of the two and one-half cords of wood, which was the size of the city hall wood pile, is now in condition to be used in even the smallest cooking stove. The problem now confronting the city authorities is whether to purchase more wood or confine Johnson to the county jail.

MANY DIE IN RAILROAD WRECK

Pennsylvania Limited in Ditch Near Altoona; from Five to Fifteen Killed by Crash

WAS MAKING UP TIME

Broken Truck Is Thought to Have Been Responsible for Train Leaving Rails

ALTOONA, Pa., Feb. 15.—That only four persons had been killed and twenty-five injured in the wreck of the Pennsylvania Limited at Warrior Ridge today was the positive assertion of Pennsylvania officials at 3 o'clock this afternoon. They were then in direct communication with the scene of the wreck. Two of the dead were women, they said, while a third was one of the negro porters of the train.

ALTOONA, Pa., Feb. 15.—A death list estimated from five to fifteen, the exact number being difficult to determine because of the interruption of telegraphic communication, is reported as the result of the Pennsylvania Limited eastbound, the twenty-four hour train between Chicago and New York, going into the ditch at Warrior Ridge a flag station thirty miles from this city. There were 104 passengers on the train and it is feared that few of them escaped without at least some injuries as ten of the eleven cars composing the train rolled down the embankment.

The first report received here said that there were four dead and twenty-five seriously hurt. Shortly afterward it was said the death list would be larger, as five persons were reported to have been taken out dead from the first car of the train. Wrecking crews from this city were hurried to the scene and doctors from all of the surrounding towns notified. The dead and injured will be brought here.

Making Up Time

The train was running more than an hour behind time, and in the effort to make up some of the time, two of the heaviest passenger locomotives on the division were hauling it. At the time of the wreck it was running at more than sixty miles an hour.

The cause of the wreck had not been definitely learned, but reports from the scene stated that a broken truck on either the rear locomotive or the first car of the train derailed it and the rest of the train followed.

The tracks at the point where the wreck took place are elevated above the line of the Juniata creek. The solid steel cars held their shape, although the windows were smashed and berth fixtures were jarred loose. Most of the more seriously injured were hurried to Huntington, as it was found impossible to get a train through to this city.

O'CONNOR TO TALK AT THEATER TONIGHT

Hon. James L. O'Connor, Milwaukee, will deliver an address at the La Crosse theater tonight under the auspices of the K. C. lodge of La Crosse. Mr. O'Connor, who is one of the best known speakers in Wisconsin, will speak on government, religion and other subjects of common interest to the people of La Crosse.

Mr. O'Connor has spoken in several Wisconsin cities under the auspices of Catholic societies and comes highly recommended as being a broad-minded and eloquent lecturer.

REGULARS NAME DELEGATES

MADISON, Wis., Feb. 15.—Stalwarts of the Third Congressional district met here in conference today and named Henry Dahle, Dane county, and M. J. Cleary, Lafayette county, as nominees for delegates to the national republican convention in Chicago. Resolutions were adopted endorsing Taft. He was declared the "greatest progressive of them all," and "the greatest president since Lincoln," by several of the speakers.

GOMPERS MUST BE A WITNESS

Executive Must Tell at the Trial Connection Between McNamaras and Labor Federation

WAS NOT IN CONSPIRACY

Federation Not in on Dynamiting; Connection After McNamaras' Arrest Suspicious

WASHINGTON, Feb. 15.—President Gompers and Secretary Morrison of the American Federation of Labor, probably will be called to Indianapolis during the trials of the alleged dynamite conspirators to testify as to the official connection between the federation with the McNamaras after the latter had been arrested for the Times explosion. It was learned at the department of justice today.

It was said at the department that the grand jury investigations had developed that Gompers or Morrison had no knowledge of the so-called conspiracy. But the department does not regard the case as sufficiently clear after the arrest of the McNamaras. In order to bring out the facts, Gompers and Morrison will be required to answer under oath questions put by District Attorney Miller.

It was intimated at the department that there might be more arrests depending upon new evidence which the federal attorneys will try to bring out in court.

Union Heads Confident

Officers of the international unions today expressed themselves as follows on the dynamiting cases:

Thomas Neale, treasurer of the United Brotherhood of Carpenters and Joiners of America—"I hope the accused men are innocent. The confessions of the McNamaras brothers, however, almost makes anything seem possible."

William D. Huber, president of the United Brotherhood of Carpenters and Joiners of America—"I am satisfied that if they have a fair hearing at trial, very few of them will be found guilty."

Robert Gockling, president of the International Association of Bookbinders—"I sincerely trust that the charges against these men are unfounded because I hesitate to believe that there are so many men in the organized labor movement guilty of such things."

Frank J. Hayes, vice president of the United Mineworkers of America,—"Organized labor does not attempt to justify crime, but it is fair to presume all men innocent until proved guilty."

ROOSEVELT GIVES IN TO DEMANDS

Colonel Modifies Speech to Be Delivered at Columbus to Suit the Progressives

NEW YORK, Feb. 15.—Colonel Roosevelt of Columbus, Ohio, speech, "The T. R. platform," has gone to the printer, and according to the best information about the Outlook office this afternoon, the final draft of the document carried with it the O. K. of leading progressives from all sections of the country, including Governor Johnson of California, Editor William R. Nelson of Kansas City, Editor A. Van Valkenberg of Philadelphia, George L. Record of New Jersey, ex-State Senator Flynn of Pittsburgh, and several other close personal and political friends of the colonel.

The breach, which for a time yesterday afternoon was threatened by the insistence of Governor Johnson, the Pinchot brothers and one or two other ultra-progressives, was healed according to report when the colonel modified his statements regarding the government attitude toward corporations, a statement which some of the colonel's advisors felt certain "would be twisted by his opponents."

From the fact that Governor Johnson is said to have accepted the speech as satisfactory, it is presumed that the initiative and referendum, and the recall, including the recall of judges, of which Johnson is a special advocate, have been endorsed.

So far as could be learned the speech will contain no radical recommendations. Senator Clapp of Minnesota called on Roosevelt today but declined to make any statement regarding the object of the visit.

PACKERS ALL USED THE SAME FORMS

CHICAGO, Feb. 15.—That the business methods of the various packing companies charged with a conspiracy to control the meat industry of the country was so closely identified that they used practically the same forms and blanks for the reports of their agents, was the testimony of Harry Russell, former beef salesman for several companies, before Judge Carpenter in the trial of the packers today.

Railroad Accident Leaves Three Orphans

The sudden death of William Bartheld in a railroad accident near Clinton, Iowa, yesterday just three weeks after the death of his wife, leaves three little children, ranging in age from 6 to 9, orphans.

A telegram received late last night by Peter L. Bartheld, this city, notified him of the accident which had resulted in his brother's death. Mr. Bartheld left for Clinton as soon as he received the telegram from his sister.

William Bartheld, who had resided at Benne, Iowa, was the conductor of a train running from that city to Clinton, Iowa. The accident, little of which has been learned, happened near Clinton last night. He was removed to the Mercy hospital and died a few hours later. His wife was operated upon three weeks ago and died shortly after.

PLAN BIG WOLF HUNT IN COULEE

Farmers Bring in Reports of Pack of Big Timber Wolves; Sportsmen to Organize

TO TAKE PACK OF DOGS

New Club Will Take Up Matter at First Meeting; Sporting Event of the Year

A grand wolf hunt will be organized by the sportsmen of La Crosse within the next few days. Plans are already under way for the forming of a big party, which will go out of here with dogs and rifles to take the trail of a pack that has recently been seen in Chipmunk Coulee about twelve miles from here. Reports have been brought in by farmers and others for the last two weeks that a pack of about five big timber wolves has been frequently seen and heard in different parts of the coulee. The snow is said to show the marks and trail of exceptionally large animals.

The sportsmen of La Crosse have pleasant memories of a wolf hunt that was carried out here two years ago for which a pack of hounds was imported from New Albin. There are at least seven good wolf hounds in La Crosse and several experienced dogs in Sparta and Viroqua which may be procured for the big event.

The question of organizing the hunt will be taken up at the first meeting of the newly organized fish and game club which will be held the first part of next week. Many of the best known hunters in town are anxious to take part in what is sure to be the biggest sporting event of the winter.

Isaac Emberson of Lemmon, S. D., formerly of La Crosse and one of the mightiest hunters of this community is here and will probably be asked to take charge of the expedition. He has had much experience in hunting big game and under his leadership little difficulty is expected in locating the wolves in Chipmunk Coulee.

John Costly, registrar of probate, and one of the best shots in this part of the state, said today that he had recently heard of the pack of wolves and that plans were under way to organize the hunt. He said that probably fifty of the local sportsmen would take part. He said it is planned to go out of here early some morning with sleighs as soon as the snow settles enough to give the bounds an opportunity to work.

Out of Town Hunters Coming

Several out of town hunters have made known their intentions of joining the party. They are expected to bring their hounds. In all fifteen or twenty hounds may be collected for the hunt.

The state and county bounty on wolf scalps amounts to \$20 apiece and it is expected to round up enough wolves to pay the expense of the expedition.

ODD FELLOWS HOLD CONFERENCE HERE

A large number of Odd Fellows of this district met at the Odd Fellows' hall in this city today. Delegates from Bangor, Tomah, Sparta and Viroqua arrived this morning and took part in the conference this afternoon. A supper will be served at 6 o'clock tonight, after which initiatory work will be carried on. Several new applicants will be initiated.

RUMOR OF MUTINY ON U. S. BATTLESHIP

WASHINGTON, Feb. 15.—Lacking an official report in the matter, naval officers here today were inclined to doubt the rumor of a widespread mutiny on board the battleship Vermont, now at Guantanamo, Cuba, because of opposition of the men to anti-typhus vaccination.

FORTY-SEVEN OF THE FIFTY-FOUR ARE IN CUSTODY

Only Seven Arrests Remain to Be Made on Federal Indictments for Conspiracy

32 INDICTMENTS AGAINST ALL

- Forty-one arrests made; six already in custody; seven arrests to be made.
- Thirty-two indictments against each man.
- Arrests made in twenty-five cities.
- Total amount of bail demanded \$340,000.

INDIANAPOLIS, Ind., Feb. 15.—Forty-seven of the fifty-four labor leaders indicted by the United States government in the alleged dynamiting conspiracy are in custody today. It is expected that the remaining seven will be arrested before tonight. Federal District Attorney Miller in charge of the cases today announced their names as follows:

M. J. Young, of Boston; John J. McCray of Wheeling, W. Va.; Milton H. Davis, of Philadelphia; J. W. Irwin of Peoria; Frank K. Painter, of Omaha; Patrick Ryan, of Chicago, and William K. Benson, president of the Detroit Federation of Labor.

32 Indictments for All
Each of the fifty-four defendants has thirty-two indictments against him. Conspiracy and the illegal transportation of dynamite are the charges lodged against the men.

The labor leaders were all arrested on one indictment, charging conspiracy but they are all named in other accusations for illegal transportation. The government officials assert that they are confident that the evidence against the accused is such that convictions are certain.

James L. Kinney, president of the Central Labor union, today issued a statement here, saying that an attempt will be made to have a special judge appointed in the place of Federal Judge Anderson to hear the trials of the indicted men. Kinney asserts that Anderson is not fair.

Can't Get Bail
Three of the indicted men, Ernest G. W. Basey and Edward Clark, who were arrested in Cincinnati, and Hiram Cline of Muncie, Ind., are in the county jail here today, having been unable to furnish \$5,000 bond each.

James M. Lynch, president of the International Typographical union, announced today that he would take immediate steps for the holding of a conference of the officers of the seven international labor unions having their headquarters here. Lynch would not forecast the action of the conference in any way.

TAFT PROTECTED MAN IN WRONG

WASHINGTON, Feb. 15.—Details of an army scandal were made public yesterday when the house committee on expenditures in the war department received the confidential letters by which an employee of the paymaster's department accused Major B. B. Ray of an intrigue with a subordinate's wife. The commission is investigating charges that Ray was continued in office without a court martial because of "political pull." As a result of these charges, Major Ray was reprimanded and adjudged amenable to court martial. This court martial was never held, because President Taft on July 7 wrote from Beverly, declaring the facts ought to be kept from the record and the case dropped on account of the demoralizing effect the airing of such a scandal would have on the army.

INVENTS NEW TYPE DIRIGIBLE AIRSHIP

NEW YORK, Feb. 15.—A dirigible airship that will not only automatically ascend and descend at will, but which will sustain as perfect equilibrium in the air as a steamer on the surface of the ocean, has been invented by Melvin Vaniman, according to an announcement made today in the Scientific American. The envelope of his balloon will be made of a cotton and rubber preparation, reinforced by the finest piano wire wound in such a way that it will have the maximum tensile strength. Inside the envelope will be a collapsible air ballast tank. If the operator wishes to ascend, he allows the air to escape. To descend, he merely pumps in more "air ballast." With this kind of craft, Vaniman says it would be possible to remain in the air for weeks. He believes it would be adapted for the economical transportation of passengers, troops or explosives.

BOTH CLAIM BEST OF SWINDLE CASE

DETROIT, Minn., Feb. 15.—Both the government and the anti-government forces claim a killing in Tuesday's session of the congressional investigation into White Earth Indian reservation.

Gus Beaulieu, Attorney Fred Dennis, Attorney R. G. Powell, representative of the Nichols-Chisholm Lumber company, and others of the "opposition" declare that the department of justice failed to show irregularities in the allotment of White Earth timber lands on "allotment day," April 24, 1905.

Judge M. C. Burch, for the department, and his collaborators assert with equal emphasis that they have shown, through revelations in the testimony of a clerk in the agency when the allotments were given out, that the essential principle of fairness under which the tracts were to be awarded was violated, making the whole proceeding irregular.

The former clerk, about whom the storm centers, is George A. Morrison of Ogema, who has lived on the reservation since 1870. Prior to his service, under Simon Michelet, formerly Indian agent at White Earth, he was overseer at Red Lake. He is now a bank stockholder and real estate agent.

WOMAN LOSES WAY; FREEZES TO DEATH

ABERDEEN, S. D., Feb. 15.—Losing her way while walking from her own home to the home of her son, a mile distant, Mrs. Frank Gilman of Verdon, an aged woman, was frozen to death.

Mrs. Gilman lived on the outskirts of the village of Verdon, and her son resides on a farm a mile away. She started on foot for her son's home, but on the way became lost. Finally she sank exhausted in the middle of a section of school land on which no house stood.

The next morning relatives found she was not at her son's, and, searching, discovered her body on the prairie.

COUNTY PAUPERS FEED THE GULLS

MILWAUKEE, Feb. 15.—Scores of persons visited the county poor farm at Wauwatosa, a suburb, yesterday to witness the unique spectacle of poorhouse inmates feeding thousands of starving sea gulls. With every bay and inlet in adjacent Lake Michigan covered with a solid sheet of ice, the gulls have been driven into the rivers. Alms-house inmates fed a chosen few for several days, but these few birds spread the good news. Thousands of the birds flock to the poorhouse daily and almost eat from the hands of the county dependents.

RESCUERS FIND MEN PRAYING ON ICE FLOE

KENOSHA, Wis., Feb. 15.—Rescued by life savers from a dangerous ice floe rapidly drifting into Lake Michigan, William Hanchman and John Stanley, local duck hunters, are today in a serious condition from exposure but will survive. Attempting to return to shore after a duck hunt the men found a mile of water between them and stationary ice. They drifted lakeward for hours and were on their knees in prayer when sighted by the lookout of the life saving station.

RELIEVING HUNDREDS OF PEOPLE

Local Druggists Kept Busy All Week
—No Sufferer of Stomach, Kidney or Bladder Trouble or Rheumatism Should Leave the Simple Mixture Untried.

That the readers of the paper appreciate advice when given in good faith is plainly demonstrated by the fact that one local pharmacy supplied the ingredients for the "J. B. H. Prescription," many times within the past two weeks. The announcement of this simple, harmless mixture has certainly accomplished much in reducing the great many cases of dyspepsia, kidney complaint and rheumatism here, relieving pain and misery, especially among the older population, who are always suffering more or less with stomach, bladder and urinary trouble, backache, and principally rheumatism.

Another well-known druggist asked us to continue the announcement of the prescription. It is doing so much real good here, he continued, that it would be a crime not to do so. It cannot be repeated too often, and further states, many cases of remarkable cures wrought.

The following is the prescription of simple ingredients, making a harmless, inexpensive compound which any person can prepare by shaking well in a bottle: Fluid Extra Juniper Berries, one ounce; Compound Fluid Balmwort, one ounce; Compound Syrup of Hypophosphites, four ounces. Any first-class drug store will sell this small amount of each ingredient, and the dose for adults is one teaspoonful to be taken before each meal and again at bed time. There is enough here to last for over a week, if taken according to directions. Good results will be apparent from the first few doses.

PRESIDENT OF NEW YORK STATE
DEMOCRATIC LEAGUE DIS-
CUSSES BIG BUSINESS
AND POLITICS

ALBANY, N. Y., Feb. 15.—The connection between practical politics and big business was openly discussed this afternoon by Thomas Mott Osborn at the annual meeting of the Democratic State league, of which he is president. Osborn exposed some of the inner secrets of the attempt of Tammany hall and its allies to elect William F. Sheehan United States senator at the last session of the legislature.

"Looking back at it all," said Osborn, "there is one clear picture, that of senators and assemblymen, sitting idly while their leaders were vainly endeavoring to get their orders from the boss of New York."

"Big business, its connections with practical politics, its immense power and resources, its capacity to pry out each man's hidden weakness and to play upon it were never more strikingly shown than in this senatorial contest. Were the story told in detail you would suspect a disordered imagination."

Osborn served notice that, although party leaders had been endeavoring to have the league quit its fight against the bosses who now control the democratic state machine "in the interest of harmony," because this is a presidential year, the fight would continue. He said the league would fight to have the delegates representative of the democracy of the state and not of the few bosses. He then said:

"Progressive policies, promises rigidly kept, in fact real democratic party government carried out in good faith, is the only way our party can appeal to the people and be continued in power."

Woman Finally Recovers From Nervous Breakdown

Impoverished nerves destroy many people before their time. Often before a sufferer realizes what the trouble is, he is on the verge of a complete nervous breakdown. It is of the utmost importance to keep your nervous system in good condition, as the nerves are the source of all bodily power. Mrs. Anna Kounz, 211 Mechanic St., Pueblo, Colo., says:

"For many years I suffered from nervous prostration; I was unable to do any house work and doctors failed to help me. Remedies I tried from druggists did not do me a particle of good. A neighbor told my husband about

Dr. Miles' Nervine

and he procured a bottle. After the first few doses I showed a marked improvement and after taking two bottles I was entirely cured. I have been perfectly well for years and cannot praise Dr. Miles' Nervine too highly."

If you are troubled with loss of appetite, poor digestion, weakness, inability to sleep; if you are in a general run down condition and unable to bear your part of the daily grind of life, you need something to strengthen your nerves. You may not realize what is the matter with you, but that is no reason why you should delay treatment.

Dr. Miles' Nervine

has proven its value in nervous disorders for thirty years, and merits a trial, no matter how many other remedies have failed to help you. Sold by all druggists. If first bottle fails to benefit your money is returned. MILES MEDICAL CO., Elkhart, Ind.

STEAL MONEY BUT PAY FOR BEER

EAU CLAIRE, Wis., Feb. 15.—When Sam Johnson, proprietor of a north side saloon, opened his cash drawer on Wednesday he found a small kitten left by Roy Peterson, Minneapolis, and Clarence Barney, St. Paul, who broke in a rear door and relieved the money drawer of its contents. They rang up 10 cents on the register and left two empty glasses on the bar to indicate their honesty. The men were arrested just as they were getting on a train for the Twin Cities. A Canadian half dollar and a nickel with a hole in it led to their identity. The pieces were among the coins in the saloon. They pleaded not guilty in Judge McEldin's court and are being held under \$500 bail.

WASHINGTON, Feb. 15.—Secretary Frank Morrison of the American Federation of Labor, defended contempt charges against himself, President Gompers and Vice President Mitchell before Justice Daniel Thew Wright yesterday, declaring that he would take no advantage of the immunity statute.

When asked whether the oath of the unions did not demand the applicant an allegiance above that due to the state and nation, he said: "Obedience to the country always comes first."

Morrison said that no copies of the Federationist, the magazine through which the Buck's Stove & Range company boycott was conducted, were circulated after Justice Wright's injunction.

YOU WILL WONDER WHAT BECAME OF ALL THAT STOMACH DISTRESS

If your stomach is sick, sour, assy and upset now you can surely get relief in five minutes.

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; your head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Diapepsin and in five minutes you truly will wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quick, surest, most harmless relief is Pape's Diapepsin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.

Distances in Jersey

"The wilds of New Jersey," said
Frank Malone, "reward the explorer
well. If they who sojourn at Atlan-
tic City or Long Beach would but
penetrate into the wilds they would
see and hear many interesting things.

"Take, for example, the measure-
ment of distance. I once asked the
keeper of the general store in a New
Jersey village choked with sand how
far it was to Skeeter swamp.

"Skeeter swamp, said the store-
keeper, 'Well, I would say Skeeter
swamp was 'bout two whoops from
here—or mebbe two whoops and a
holier.'

"I asked a man in Skeeter swamp
how far Flytown was. The man shift-
ed his quid in the left cheek and re-
plied:

"Flytown, stranger, is about
three chaws to the south—unless
y're a fast chawer. Then I'd say it
wuz about three chaws and a half."

MUST DO THE BEST WE CAN

There can be no question that it is
the duty of Wisconsin republicans to
stand back of the presidential candi-
dacy of Robert M. La Follette so long
as the senator shall stay in the race.
Should he at any time withdraw,
progressives will have to decide for
themselves as between Roosevelt and
Taft. If we accept Roosevelt as more
progressive than the present presi-
dent, we should not permit our re-
signment of Colonel Roosevelt's
treatment of La Follette to turn us
from him; if he is the best thing in
sight, and offers a hope for consid-
erable improvement in the affairs of
government, that is the influence
that should control the progressives'
allegiance.

However, were La Follette to re-
tire, and were a Bristow or a John-
son or a Bourne to enter the race,
such an one should have the support
of the progressive republicans upon
the theory that deeds are a better
recommendation than words.

As to Senator La Follette's atti-
tude, we believe it is the right one.
He has no right, even were that for
him the easiest way, to endorse any
candidate in whom he has not faith;
should he withdraw, his influence
and support should go to that candi-
date whom he deems the best pro-
gressive in the field.

ARE FOR THE RIGHT MAN

The Tribune is glad to see the
democrats of La Crosse county tak-
ing a forward step toward the elec-
tion in this congressional district of
a delegation to the democratic na-
tional convention favorable to the
candidacy of Dr. Woodrow Wilson.

It is also a source of pleasure that
there exists a reasonable expectation
that Wisconsin will be one of the
states to give Dr. Wilson a solid dele-
gation.

That Wilson is the one really pro-
gressive figure among the democratic
possibilities whose candidacies have
been announced requires no stronger
evidence than that furnished by the
notorious onslaughts that have been
made upon him by the predatory
business interests of the country, and
we are glad to learn that the intelli-
gence of Wisconsin's democracy has
enabled it to brush aside these slan-
ders, and to take the true measure
of the man.

We look to see the meeting called
by Mr. Wolfe for next Saturday night
attended by a representative gather-
ing of democrats, and that they will
there give expression to their views
in unmistakable terms need not be
doubted.

MR. GIPPLE BUFFALOED

Incidental to a discussion of the
circuit judge contest, in which it en-
dorsed Judge Cowie, the Galesville
Republican mentions, "The La Crosse
Tribune, noted for yellow politics."

Speaking of political color schemes,
we should say, judging from results,
Mr. Gipple's is green.

For instance, Mr. Gipple says:
"In Trempealeau and Buffalo
counties he (Judge Cowie) is very
strong, and it is not unlikely that
he will carry these counties by a
large majority."

No doubt Judge Higbee will con-
cede Buffalo county to Judge Cowie,
as it is not in this judicial circuit.

NANKIN, Feb. 15.—Yuan Shi

the people."

WANTS NAVAL MILITIA

MADISON, Wis., Feb. 15.—Seven-
ty residents of Washburn have filed
with the adjutant general's depart-
ment a petition for the organization
and establishment of a naval militia
division in Washburn. An officer will
be sent to that city next week to
look into the matter.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot
reach the diseased portion of the
ear. There is only one way to cure
deafness, and that is by constitutional
remedies. Deafness is caused by an
inflamed condition of the mucous
lining of the Eustachian Tube. When
this tube is inflamed you have a
rumbling sound or imperfect hearing,
and when it is entirely closed, Deaf-
ness is the result, and unless the in-
flammation can be taken out and this
tube restored to its normal condi-
tion, hearing will be destroyed for-
ever; nine cases out of ten are caused
by Catarrh, which is nothing but an
inflamed condition of the mucous
surfaces.

Not Her Quarrel

The fact that corporal punishment
is discontinued in the public schools
of Chicago is what led Bobby's teacher
to address this note to the boy's
mother:

"Dear Madam: I regret very much
to tell you that your son, Robert,
idles away his time, is disobedient,
quarrelsome, and disturbs the pupils
who are trying to study their lessons.
He needs a good whipping, and I
strongly recommend that you give
him one. Yours truly, Miss Blank."

To this Bobby's mother responded
as follows:
"Dear Miss Blank: Lick him your-
self. I ain't mad at him. Yours truly,
Mrs. Dash."—Youth's Companion.

His Remarks

"My dear," called a wife to her
husband, who was in the next room.
"What are you opening that can
with?"

"Why," he said, "with a can open-
er; what did you suppose I was do-
ing it with?"

"Well," replied his wife, "I
thought from your remarks you were
opening it with prayer."

A Cold-Blooded Prompter

A very small child almost busted
up a matinee performance of a
Broadway show one recent after-
noon.

One of the characters, after hav-
ing a run of domestic difficulties,
grabs up a bottle off a table and
cries wildly:
"Prussic acid tablets! Shall I
take one?"

His "business" is to hesitate a
moment, then put the bottle down,
saying, "No—not now."

But this day, while he stood
clutching the bottle, a delighted
voice piped up from the orchestra:
"Yes! Take one!" — Cleveland
Press.

Lacking Modern Improvements

Tim Hurst, the prizefight referee,
was formerly an umpire in the big
leagues. He was behind the bat one
day and the catcher took exceptions
to Tim's judgment of pitched balls.

One came whizzing over that the
catcher thought should have been
called a strike.

"Ball!" barked Tim.
"Look here, Mr. Umpire," said
the catcher, "that plate has got cor-
ners on it!"

"Yes, son," said Tim; "but it ain't
got bay windows on it!"—Philadel-
phia Saturday Evening Post.

THEY INJURE CHILDREN

Cathartics and Pills and Harsh Phys-
ics May Cause Distressing
Complaints

You cannot be over-careful in the
selection of medicine for children.
Only the very gentlest bowel medi-
cine should ever be given. Ordinary
pills, cathartics, and purgatives are
too apt to do more harm than good.
They sometimes cause griping, nau-
sea, and distressing after-effects, and
may actually injure the health, thus
establishing a life-lasting annoyance.

We personally recommend and
guarantee Rexall Orderlies as a safe
and dependable remedy for consti-
pation and associate bowel disorders.
We have such faith in the virtues of
this remedy that we sell it on our
guarantee of money back in every
instance where it fails to give entire
satisfaction, and we urge all in need
of such medicine to try it at our risk.

Rexall Orderlies are eaten just like
candy, are particularly prompt and
agreeable in action, may be taken at
any time, day or night; do not cause
diarrhoea, nausea, griping, excessive
looseness, or other undesirable ef-
fects. They have a very mild but
positive action upon the organs with
which they come in contact, appar-
ently acting as a regulative tonic
upon the relaxed muscular coat-
ing of the bowel, thus overcoming weak-
ness, and aiding to restore the bow-
els to more vigorous and healthy ac-
tivity.

Rexall Orderlies not only relieve
constipation, but help to remove the
cause of this ailment. They also fre-
quently overcome the necessity of
constantly taking laxatives to keep
the bowels in normal condition.

There is really, in our opinion, no
similar medicine so good as Rexall
Orderlies for the purpose to which it
is directed, especially for children,
aged and delicate persons. They are
prepared in tablet form and in two
sizes of packages; 12 tablets, 10c, 36
tablets, 25c, and 80 tablets, 50c. Re-
member, you can obtain Rexall Rem-
edies in this community only at our
store—The Rexall Store—O. T. Er-
hart.

"Well, I shouldn't confess the
deed to every one," he answered
frankly. "We all write poetry at
one time or another; but it's gen-
erally not constitutional, and we
recover."

"I do not see why any one should
be ashamed of writing poetry."

"Ah, but there is poetry and
poetry. My kind and Byron's is
born of kindred souls; but he was
an active genius, whereas I wasn't
even a passive one. In all great
poets I find my own rejected
thoughts, as Emerson says; and
that's enough for my slender needs.
Poets are rather uncomfortable
chaps to have round. They are cap-
ricious, irritable, temperamental,
selfish, and usually demand all the
attention."

The little vocal stream dried up
again, and once more they listened
to the magic sounds of the night.
She stopped abruptly to look over
the parapet, and his shoulder met
hers; after that the world to him
was never going to be the same
again.

Moonlight and poetry; not the
safest channels to sail uncharted.
The girl was lonely, and George
was lonely, too. His longing had
now assumed a definite form; hers
moved from this to that, still in-
definitely. The quickness with
which this definition had come to
George startled him.

His first sight of Fortune Chesdoye
had been but yesterday; yet, here
he was, not desperately but con-
sciously in love with her. The situ-
ation bore against all precedents; it
ripped up his reconceived ideas of
romance as a gale at sea shreds a
canvas. He felt a bit panicky. He
had always planned a courtship of
a year or so, meetings, separations,
and remittings, pleasurable expec-
tations, little junkets to theatres
and country places; in brief, to wit-
ness the rose grow and unfold.

Somewhere he had read or heard
that courtship was the plummet
which sounded the depths of com-
patibility. He knew nothing of
Fortune Chesdoye, save that she
was beautiful to his eyes, and that
she was as different from the or-
dinary run of girls as yonder moon
was from the stars. Here his knowl-
edge ended. But instinct went on,
appraising and delving and win-
nowing, and instinct told him what
knowledge could not, that she was
all his heart desired.

When a man finally decides
that he is in love, his troubles be-
gin, the imaginary ones. Is he
worthy? Can he always provide for
her? Is it possible for such a mar-
velous creature to love an insignifi-
cant chap like himself? And that
worst of mental poisons, is she in
love with any one else? What to
do to win her? The feats of Hercu-
les, of Perseus, of Jason: what mad
piece of heroism can he lay his
hand to that he may wake the
slumbering fires, and having roused
them, continue to feed them?

Manhood, meaning that decade
between thirty and forty, looks up-
on this phase, abashed. After all,
it wasn't so terrible; there were
vaster emotions, vaster achieve-
ments in life to which in compari-
son love was as a candle held to
the sun.

Again she stoped, leaning over
the parapet and staring down at
the water swirling past the stone
embankment. He did likewise, rest-
ing upon his folded arms. Suddenly
his tongue became alive; and quietly,
without hesitancy or embarrass-
ment, he began to tell her of his
school life, his life at home, and
the manner in which he spoke of
his mother warmed her; and she
was strangely and wonderingly at-
tracted.

"Of course, the mother meant the
best in the world when she gave me
Percival Algernon; and because
she meant the best, I have rarely
tried to hide them. What was good
enough for her to give was good
enough for me to keep. It is simply
that I have been foolish about it,
supersensitive. I should have laugh-
ed and accepted the thing as a
joke; instead, I made the fatal
move of trying to run away and
hide. But, taking the name in
full," lightly, "it sounds as incon-
gruous as playing Traumerel on a
steam-piano."

He expected her to laugh, but
her heart was too full of the old
ache. This young man, kindly,
gentle, intelligent, if shy, was a
love-child. And she? An offspring,
the loneliest of the lonely, the child
that wasn't wanted. Many a time
she had thought of flinging all to
the winds, of running away and
hiding where they never should
find her, of working with her own
hands for her bread and butter.
Little they'd have cared. But al-
ways the rebel spirit died within
her as she stepped outside the villa
gates. To leave behind for un-
known privations certain assured
comforts, things of which she was
fond, things to which she was used,
she couldn't do it, she just couldn't.
Morally and physically she was a
little coward.

"Let us go in," she said sharply.
Another moment, and she would
have been in tears.

RIDICULES THE JUDGE

SENATOR OWEN SAYS GARY'S MOB RULE SPEECH SHOULD NOT BE TAKEN SERIOUSLY

WASHINGTON, Feb. 15.—"The foolish rich man, misled by greed, should not be taken too seriously," was the comment today of Senator Owen (Dem., Okla.) on the "mob rule" speech of Judge Gary of the steel corporation. "There is no danger of the mob causing the upset of government," he continued. "The right of direct nomination and direct election will serve to restore the government to the hands of the people. When the people obtain this power they will exercise it with wisdom, moderation and benevolence. The rich man cannot carry wealth off with him when he dies and the worst he can do on earth is to abuse his power by interfering with the equal opportunities of other men."

"The monopoly of credits by a few men in New York is extremely dangerous to men of their own class and I think it would be a relief to the great body of financiers and of men engaged in big business, if those who monopolize credits and waylay enterprises for their private profit, might have activities curtailed, as they are a nuisance and a serious public danger. It is an open secret that these few men wreck other men who do not yield to their demands, and there can be but one issue out of this condition."

"Doubtless this is what Judge Gary means, that unless these men themselves are moved by the general welfare, they will come to grief."

JUDGE'S WIFE DEAD

MILWAUKEE, Wis., Feb. 15.—Members of the local bar joined in expressing sincere condolence today to Judge John F. Donovan of the civil court whose wife died early today after a long illness.

North Side Progressive League Will Give Good Program; Rev. Murphy Toastmaster

The annual banquet of the North Side Progressive league is to be held at the North Presbyterian church this evening and it will doubtless prove to be one of the most interesting affairs of the kind ever given by the league. In addition to this Judge John Brindley is to speak on the topic, "The punishment should fit the crime," and P. W. Mahoney will tell of the history of the Progressive league. Rev. Ambrose Murphy will act as toastmaster.

MURDERERS REFUSED PARDON

SPRINGFIELD, Ill., Feb. 15.—Ewald and Frank Shilbawski, Philip Somerling and Thomas Schultz, convicted of the murder of Fred W. Guelow, Jr., in Chicago on Oct. 20, 1911, will die tomorrow. Governor Deneen and the state pardon board this morning, denied the pleas for a commutation of sentence.

Mrs. K. Kent of St. Paul was a business visitor here yesterday.

LEAGUE WILLING TO BE CONVINCED

North Side Progressives Say They Can't See Great Benefit in City Markets

In an informal discussion by the members of the North Side Progressive League at a meeting last night the matter of a market was taken up but the sentiment of the speakers was against the project. Their reasons for regarding this matter unfavorably were that they could see no use for a market and they did not think that it would benefit the city or the people to any great extent. Although the members of the league are against a market they assert that if they can be shown that it will be a good thing for the city that they will regard it favorably.

The committee in charge of the banquet which is to be held tonight, Robert P. Lowry, L. E. Lavague, C. P. Thompson, Dr. G. W. Lueck, C. F. Fagle and Frank Gelsenheimer, reported that all arrangements for this annual dinner have been completed and that Rev. A. Murphy would act as toastmaster and P. W. Mahoney, Judge John Brindley and Mrs. Rachel Foster Avery would deliver addresses.

He Won't Limp Now
No more limping for Tom Moore of Cochran, Ga. "I had a bad sore on my instep that nothing seemed to help till I used Bucklen's Arnica Salve," he writes, "but this wonderful healer soon cured me." MISS ELLA PICHA HAS HEART PARTY

Miss Ella Picha, 1633 Loomis street, entertained a few of her friends Tuesday evening at a heart party. The rooms were nicely decorated for the occasion with hearts which lent a pretty appearance to the place. Progressive clench together with other games were played by the guests and all enjoyed themselves greatly. Several musical selections were also rendered during the evening. Miss Mabel Simenson and Ludwig Moe won the head prize in the games while Miss Helen Peterson and Henry Rennebohm were awarded the consolation prizes. Miss Selma Simenson played many solos which made a big hit with the guests.

At a late hour light refreshments were served, everything being served in the shape of hearts. Place cards of a little gilt arrow pierced through a red heart upon which was written a misspelled name were found at each place. Each guest had to solve their own name and he was then seated at that place.

Those present were the Misses Ella Miller, Mabel Simenson, Edna Sjolholm, Helen Peterson, Agnes Bertelson, Anna Spettel, Lenora Kutzorsky, Emma Siebrecht, Selma Simenson and Lillian Picha, and Messrs. Henry Sieler, Charley Mosher, Will Schroeder, Oswald Solverson, Henry Rennebohm, Ludwig Moe, James Novak, Henry Affeldt and Allen Pynn.

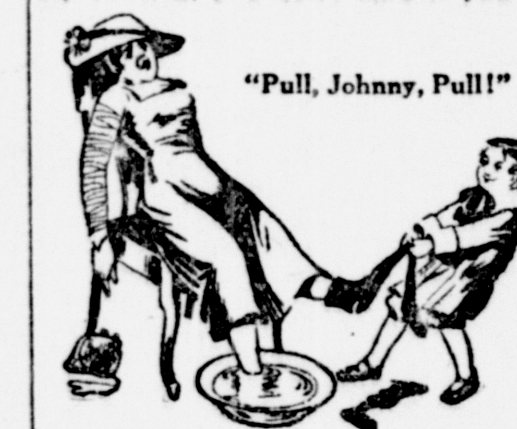

DEBATE IS POSTPONED

The Franklin club will not hold its regular weekly debate tonight because of the banquet which is being given by the Progressive league. The meeting for tonight is adjourned until next week.

So Tired of Tired Feet! Use TIZ

Gets the "Tired" Out in a Few Minutes. Makes Your Feet Sore-Proof

"O fudge! It's awful how tired feet make you feel tired all over—so dead tired. Then, when you've got a corn besides, and a bunion, and a few blisters, and your feet are terribly swollen, you don't care if you've

got a million dollars—you're tired, that's all. A million dollars can't help you, any more than 25 cents will."

A quarter buys a box of TIZ—a wonder for tired, sore, tender, chafed, blistered, swollen, sweaty, smelly feet, corns, callouses and bunions, chilblains and frost-bite. The moment you use it, you give a sigh of relief, and then you smile. There's nothing as good as TIZ, so don't accept any attempted imitation. TIZ draws out all the poisonous exudations that make foot troubles.

TIZ, 25 cents a box, sold everywhere, or sent direct, on receipt of price, by Walter Lumber Dodge & Co., Chicago, Ill. Recommended by all drug stores, department and general stores.

GOVERNOR MUST PARDON BRANDT

NEW YORK, Feb. 15.—Unless Governor Dix pardons Folke E. Brandt, the Schiff valet, before Thursday night, Supreme Court Justice Gerard will sustain the writ of habeas corpus to have the thirty-year sentence imposed on Brandt quashed. Gerard has so notified Governor Dix and executive action is looked for.

District Attorney Whitman showed Justice Gerard a copy of the testimony given before the grand jury this morning by Detective Lieutenant Woolridge, who compiled the "record" which Judge Rosalsky used to justify the sentence. Woolridge said he had not personally investigated Brandt's record, that he signed a report prepared for him, and he implicated a prominent lawyer in his testimony.

Justice Gerard then told Whitman that he believed a pardon by the governor was the best way to solve the legal tangle. If Dix refuses, then Justice Gerard will quash the sentence himself.

SUBMARINES START CRUISE UNDER ICE

NORFOLK, Va., Feb. 15.—Led by the Moccasin and the Viper, twenty submarines today slipped beneath the surface of Chesapeake bay, beginning the most remarkable cruise ever undertaken by the tiny craft—twenty miles under the ice. The test is to enable naval officials to determine how accurately the submarines could cruise by chart and compass when overhead conditions did not allow of the use of the conning towers. The cruise, lasting almost three hours, will be free from danger to the "subs" say the officers of the fleet, because the ice on the bay is only about two inches thick and the boats can easily break through the surface if necessary.

ENGINEERS' BALL IS BIG SUCCESS

The Twenty-ninth Annual Function of Railroaders Is Brilliant Affair; 350 Couples Attend

The annual ball of the Brotherhood of Locomotive Firemen and Enginemen, held last night in Linker hall, was an unqualified success from every standpoint. Three hundred and fifty couples crowded the hall to the limit, and the music and decorations were the cause of frequent exclamations of approval. The function was the twenty-ninth annual affair of similar character given by Guard Rail lodge No. 168, and Gateway lodge No. 754.

The national colors formed the basis of the decorations. The hall transformed by hundreds of streamers, pennants and flags of the national colors. Red, white and blue lights also added to the effect. In deference to the fact that the day was February 14, white columns strung with red and green hearts were placed around the hall. The balcony rail was concealed behind a draping of flags. The north end of the hall was distinguished by a large sign, bearing the title of the order. Each of the guests was presented with a carnation upon entering the hall.

The orchestra was placed in the balcony. It consisted of sixteen musicians. Dancing lasted from 8:30 till 2.

EXPECT INDICTMENTS

GRAND JURY IN BRAND CASE WILL PROBABLY RETURN FROM TWO TO FIVE TRUE BILLS

NEW YORK, Feb. 15.—When the grand jury resumed its investigation of the sentencing of Folke E. Brand, the former Schiff valet, today, it was generally believed that it would return not less than two and possibly five indictments for conspiracy against some of those already mentioned in the case. The jury today heard directly from former employers of Brand, who had been quoted by Detective Woolridge as saying he had stolen goods from them. They not only denied the statements attributed to them, but also gave Brand a good character.

The jury also examined a letter purported to have been written by Schiff's attorney, Howard S. Gans, to then Police Inspector McLaughlin, saying he wanted a "record for Brand which will insure a heavy sentence."

Justice Gerard expects to confer with Gov. Dix tonight, and to urge him to pardon Brand. If he does not then the judge will sustain the habeas corpus writ and cancel the sentence already imposed on Brand. Then the question of jeopardy will be raised and many eminent lawyers are of the opinion Brand must go free, as he cannot be placed twice in jeopardy for the same offense, having already served five years for the crime to which he pleaded guilty.

CANEVA REINSTATED

ROME, Feb. 15.—It was learned today that General Caneva will return to Tripoli and assume charge of the campaign against the Turks. He was recently recalled here.

TWO REVOLUTIONS CENTER ON MEXICO CITY

MAP OF MEXICO

WHITE - NEUTRAL
BLACK - REVOLUTIONARY
SHADED - LOYAL

MEXICO CITY.—The Mexican revolution at the present time centers in two leaders, one in the north along the Rio Grande and the province of Chihuahua under the direction of General Orozco, the other including the states of Morelos, Guerrero and Puebla under the direction of Zapata and his associate, Salgado. There is a strip of country two hundred miles wide running through the country from the Pacific to the Gulf of Mexico which alone is loyal to Madero. The balance of the country is neutral so far, but may be turned into revolutionary hotbed at any moment. The United States is watching the crisis, momentarily expecting trouble and has prepared, ready for a massing along the Rio Grande at a moment's notice, over 86,000 United States troops.

CHARGES DARROW'S RIGHTS VIOLATED

LOS ANGELES, Cal., Feb. 15.—The attaches of District Attorney Frederick's office were denounced today by Earl Rogers, attorney for Clarence S. Darrow, when Darrow appeared in court to have the date set for his trial on charge of bribing McNamara's jurors.

Rogers charged that the state had invaded Darrow's constitutional rights and that the transcript of the testimony before the grand jury which indicted the defendant, contained the names of only sixteen witnesses, when thirty-two witnesses were actually examined. He declared that the testimony given before the grand jury by LeCompte Davis was not contained in the transcript.

Simple Way of Banishing Wrinkles and Double Chin

(Woman at Home.)

No woman, of whatever age, likes to give up her beauty and resign herself to a wrinkled face, double chin, crow's feet and enlarged pores or a bad complexion. Clever women are beginning to understand that wrinkles and kindred troubles are not necessary. All one has to do is to get of her druggist an ounce and a half of herderized jelly, rubbing it freely into her skin until it is perfectly absorbed, and then bathing her face with cold water. This remedy has an immediate refreshing action and the flesh quickly becomes firm and compact and hollows begin to fill out. Every day the woman using this simple treatment is told by her mirror that she is growing younger and prettier. Especially is this true if she is wise enough to use a little pure cod liver oil at the same time to renew her complexion. This flakes off the muddy outer skin and soon reveals the smooth fresh bloom of youth.

The quickest, best and safest way to cure catarrh or a cold in the head is by using a remedy that will "touch the spot" and do its work quickly without leaving any bad effects. Ely's Cream Balm, which is applied to the nostrils or rubbed on the throat or chest gets right at the root of the trouble and instantly relieves even the worst case of catarrh or cold. Shocking Sounds

In the earth are sometimes heard before a terrible earthquake, that warn of the coming peril. Nature's warnings are kind. That dull pain or ache in the back warns you the kidneys need attention if you would escape those dangerous maladies, Dropsy, Diabetes or Bright's disease. Take Electric Bitters at once and see backache fly and all your best feelings return. Tuesday night the O. C. club met, also the Embroidery club, under Miss Hofflin, and the class in common school branches with Miss Ballard.

The new term's work in the gymnasium also began Tuesday night. The enrollment for a beginners' class was large and a fine, enthusiastic new class has been started to meet on Monday and Thursday evenings.

Wednesday night the Bible class on the north side meets as usual.

On Thursday afternoon the second of the series of lectures on Italian masterpieces will be given by Miss Ballard at 5 o'clock. The subject this week will be Glotto.

Thursday at the supper hour the business girls' Friendship club meets with Miss Lucy Hogan.

Thursday evening the classes in sewing and cooking meet for their first work of the new term of ten lessons.

LEAP YEAR SLEIGH RIDE PARTY

Several young ladies escorted their gentlemen friends to a pleasant sleigh ride party Tuesday evening. They drove to a farm house near the city, where a delicious dutch supper was served. All reported a most delightful time. Those present were Misses Edna Haller, Rose Hickisch, Ethel Holmes, Laura Ikert, Helen Klossheim, Liza Trepte and Wittenberg; Messrs. Elmer Waringer, Fred Wensole, Schmauch, Ned Frahm, Norman Meier, Bill Kroner and Messrs. and Mesdames George Carr and Emil Olson.

BIRTHDAY PARTY

Mrs. Joseph R. Hegenbart, 923 Market street, gave a Valentine party in honor of her birthday, last night, at which a large number of guests were present. Mrs. Hegenbart was the guest of honor at a surprise party given by a number of her friends in honor of her birthday, Tuesday night. The home was beautifully decorated, carnations, roses and novel Valentines were hung about the walls. Several musical selections were rendered by the guests. Supper was served at 12 o'clock.

The following were present: Mesdames N. Birnbaum, J. B. Frisch, A. Guillaume, William Imhoff, P. Jungbluth, George Will, N. Lahure, E. H. Mader; Misses Emma and Minnie Birnbaum and Annie Dockendorff; Messrs. John Dvorak and J. K. Hagenbart.

WILL MEAT PRICES GO UP AGAIN?

Many La Crosse people do not care if meat prices are up or down, because they have found that "Minnesota" macaroni and spaghetti, with their delicious nut-life flavor, take the place of meat very largely and are more easily digested.

Good macaroni and spaghetti are four times as nutritious as beef-steak, and they are the best and most nourishing foods known. They can be easily prepared in many appetizing ways and are suitable for the daintiest luncheon as well as the heartiest feast.

But if you want that rich nut-like flavor be sure and get the delicious "Minnesota" brand macaroni or spaghetti—made from the finest Northern Durum wheat, with all the nourishing Gluten left in. It is easily digested and never gets soggy. All good La Crosse grocers sell it.

"Good Morning Dope"

Mr. Beyschlag, let me have a 50c bottle of your Gray's Verba Santa Cough Cure. By the way, did you know that this is the greatest thing for Whooping Cough I ever saw? You see Mr. Joe Velat's 2 year old daughter Clara (they live a little ways below Stoddard) had a very bad case of whooping cough, and one bottle of this Verba Santa cured her right up. They are some relatives of ours, and Clara was visiting us here, and my girl caught it too from her, and I cured her in less than no time with that Verba Santa, so you just recommend it for whooping cough every time you get a chance. Highly pleased, I asked my interviewer if I could publish this. "You bet you can, it's true, every word of it, and the people ought to know it."

Years of Suffering

Catarrh and Blood Disease—
Doctors Failed to Cure.

Miss Mabel F. Dawkins, 1214 Lafayette St., Fort Wayne, Ind., writes: "For three years I was troubled with catarrh and blood disease. I tried several doctors and a dozen different remedies, but none of them did me any good. A friend told me of Hood's Sarsaparilla. I took two bottles of this medicine and was as well and strong as ever. I feel like a different person and recommend Hood's to any one suffering from catarrh."

Get it today in usual liquid form or chocolate tablets called Sarsatabs.

PINNED IN WRECK; IS CHLOROFORMED

Doctor Realizes There Is No Hope of Getting Man Out, and Renders Him Unconscious

THREE DIE IN WRECK

Two Freight Trains Have Head-on Smash and Three Trainmen Lose Lives

PORTLAND, Me., Feb. 15.—Pinned under tons of wreckage and with his legs and one of his arms slowly cooking, while the fire was creeping closer and closer to his body, Harry Corliss, a trainman on the Grand Trunk railway, was chloroformed into unconsciousness by a country doctor at Yarmouth today. Fifteen minutes later his body was a charred mass.

Corliss and two other trainmen met their deaths in a head-on freight wreck on the main line of the Grand Trunk. The trains, running at more than thirty miles an hour, crashed head-on just outside of Yarmouth. Both engines and nearly all of the cars piled in a tangled mass across the right of way. The other two men were instantly killed, but Corliss was alive and conscious when yard hands and citizens who had heard the crash, reached the scene. By that time the wreckage was ablaze.

Frantic efforts were made to release Corliss but he was caught under wreckage which could not be moved. The men worked until their own clothing was afire, but could do nothing and when the fire reached the doomed man, he begged piteously to be put out of his misery.

In the crowd was a country doctor who had brought his medicine case with him. He soaked cotton and chloroformed the man who it is believed would have died of his injuries even if he could have been extricated. The wreck was caused by a misunderstanding of orders.

HILLIARD HIT IN "A FOOL THERE WAS"

If Robt. Hilliard ever plays La Crosse again, it is safe to predict that even the great audience of last night will be outdone, and the "standing room" sign will be posted fifteen minutes after the doors open.

That "A Fool There Was" is a morbid piece is sufficiently explained by the fact that the brutally frank Rudyard Kipling furnished the author his inspiration.

Hilliard is an intense man. His audience laughed one moment, wept the next, just as though smiles and tears in the same breath were as natural as air. He was always the dominant part, and he sent hundreds of people away too near hysteria to competently analyze the message of the production.

Nor should the work of Virginia Pearson, the "woman," be overlooked. That a chivalrous American audience could fairly rise in the seats and wildly applaud the spectacle of a strong man striking a woman three vicious blows the realism of which has seldom if ever been excelled is sufficient tribute to Miss Pearson's portrayal of "the vampire."

The cast was strong throughout, supporting the work of Mr. Hilliard with intelligence and convincing skill.

Why should a dog be blamed for growling over his food? He may merely be imitating his master.

RECIPE FOR WEAK KIDNEYS

The following recipe is the best that can be had for weak or disordered kidneys: "Half ounce fluid extract Buchu; half ounce Muxar compound; six ounces good pure gin. Shake the bottle well each time and take one or two teaspoonfuls of the mixture after each meal and at bedtime." Any druggist will mix or supply these ingredients.

The foregoing formula comes from high medical authority and will produce quick and permanent results. It will speedily relieve backache, rheumatic pains, frequent and highly colored urination. These symptoms of kidney trouble must have prompt attention to prevent Bright's disease or diabetes.

WATCH AND JEWELRY REPAIRING

Odd, but it almost seems as though some watch adjusters can't make a watch do right, just as some physicians can't make headway in certain cases. A change often brings about a cure in both watch and patient.

If your watch gets cranky—and watches do get that way at times—bring it in and let us adjust it; no charge. If repairs are necessary, we'll tell you; our prices are fair and we have the most expert workmen we can get; work is done on the premises.

J. W. BOYER WEDS MISS BARTLETT

Prominent Local Merchant Is Married to Popular Girl at Brainerd, Minn.

Mr. and Mrs. J. W. Boyer have returned to La Crosse after a wedding trip to Minneapolis and St. Paul and they will reside at 1301 Market street.

The Brainerd Daily Dispatch has the following to say of the wedding which took place in that city: "A quiet and pretty home wedding was solemnized Friday morning, February 9, at the residence of the bride, when Miss Pearl Bartlett of 1604 Pine street, was united in marriage to J. W. Boyer of La Crosse, Wis. The bride has a wide acquaintance in this city, having resided here all her life, and is a very estimable and popular lady. The groom is a young business man of La Crosse, Wis., being the senior member of the Boyer-Furber Furniture company of that city."

"The wedding took place at 9:30 o'clock, with the Rev. W. J. Lowrie, pastor of the First Presbyterian church officiating, only relatives and a few friends witnessing the pleasing ceremony. Miss Rachel Whitford attended the bride as maid of honor and Lester Hitt was the best man. The rooms were neatly and tastefully decorated with ferns and roses for the occasion."

"The bride wore a pretty white gown of white embroidered net over white silk and she carried a bouquet on white roses. Her traveling costume was a plain light blue serge suit. She received a beautiful set of black fox furs from the groom as a wedding present in addition to the valuable and pretty presents given the couple by their many friends. After the ceremony the entire party repaired to the Ransford hotel, where a special course dinner was served."

"At 1:20 p. m. Mr. and Mrs. Boyer left on a short wedding trip to Minneapolis and St. Paul. They will be at home to their friends after February 25, at 1301 Market street, La Crosse, Wis."

FORTY-SEVEN OF THE FIFTY-FOUR ARE IN CUSTODY

(Continued from Page 1)

Structural Ironworkers, said today that he was considering the advisability of calling a special meeting of the executive board of the organization to discuss the indictment situation. It will be necessary for the board to take action before the defense fund of \$350,000 which has been accumulating for six years will be available for use in the coming trials.

Legleiter Unconcerned

DENVER, Col., Feb. 15.—Facing trial in Indianapolis on charge of conspiracy to transport dynamite illegally, H. W. Legleiter, former member of the executive council of the iron workers' union, today expressed concern only over the question whether his arrest would lose him his job on a building under construction here.

In a statement to the United Press today he vigorously denied any knowledge of any dynamiting or any transportation of dynamite.

"If McNamara and McManigal got \$1,000 a month for 'organization' purposes, as alleged, I knew nothing of it, and I know it was never discussed during the six years I was on the executive council," he declared. "If they were getting funds, they must have been getting them from some other source. Every cent spent by McNamara as secretary-treasurer, was accounted for legitimately."

Indictment's Charges

In the general conspiracy indictment, contents of which were made public by the federal officials this afternoon, Orlie E. McManigal and Jas. B. McNamara are charged with carrying explosives from one state to another in violation of the law on forty-seven different occasions. The government charges that the fifty-four men named in the indictment had guilty knowledge of this illegal transportation. Each trip alleged to have been taken by McManigal and McNamara is set forth in the indictment.

While the federal officials decline to comment on the matter, it is reported that overtures have been made by some of the indicted men in which they agree to confess if they are promised clemency or light sentences. Some of these proposals are said to have been made before the indictments were voted, by individuals who thought it probable that they would be implicated by the government.

In case any new evidence is unearthed as a result of the arrests that tends to show more men to be implicated, it was announced this afternoon that a second investigation would be called.

Vice President Gives Up

BOSTON, Feb. 15.—Michael J. Young, vice president and member of the executive committee of the International Association of Bridge and Structural Iron workers, today surrendered and was held in \$10,000 bail, charged with complicity in the alleged dynamite conspiracy.

AMATEURS WILL PUT ON PLAY

La Crosse people will have an opportunity to witness another amateur theatrical in the near future, as Myron S. Locke is making plans to present one of William Gillette's best dramas, "The Secret Service," a story dealing with the civil war. Mr. Locke is already arranging the details for the staging of the play and the best amateur players in the city will take part.

STANDARD OIL WANTS CONTROL

Big Fight Expected at the Meeting of Waters-Pierce Oil Co.; Independents Fight for Control

Standard Loses
ST. LOUIS, Mo., Feb. 15.—Ignoring the mandamus issued by the circuit court through which the Standard Oil interests to force the Pierce interests in the Waters-Pierce Oil company to tally their votes in the election of directors here today, H. Clay Pierce forced the election of his own directors and retained control of the company.

ST. LOUIS, Mo., Feb. 15.—The greatest interest was today attached to the meeting of stockholders of the Waters-Pierce Oil company, at which five directors will be elected. M. M. Van Buren, son-in-law of John D. Archbold, and Walter F. Taylor, of New York, both representing the Standard Oil company, are here and are expected to secure control of the Waters-Pierce company for the Standard Oil of New Jersey.

Trust Starts Fight

ST. LOUIS, Mo., Feb. 15.—The fight between the Standard Oil interests and H. Clay Pierce interests for control of the Waters-Pierce Oil company, was carried into court today by the filing of a mandamus petition by attorneys for the Standard Oil faction.

The petition is directed against John D. Johnson and Robert E. Moloney, attorneys for the Pierce interests. The petition is to mandamus Johnson and Moloney as inspectors of the annual election of officers and directors of the Waters-Pierce company, set for today, and require them to receive and count ballots cast for representatives of the Standard Oil interests.

The Pierce contingent now has three directors, but by voting its stock on the cumulative plan, the Standard can elect two. The Pierce interests anticipate an attempt to out-vote them through the obtaining of proxies of a majority of the stock. They allege this voting of fractional shares is illegal.

Should the Standard interests push their plan of gaining control of the board, the Pierce interests will throw the entire matter into court on the ground that it is an attempt to again consolidate subsidiary companies; but through individuals instead of corporate influence.

SOCIAL LEADER STOPS THE TROT

NEW YORK, Feb. 15.—Club circles in this city are widely divided today as the result of the action of Mrs. Noble McConnell, noted society leader, in stopping the dance of the Mozart society in New York at the Hotel Astor early today to denounce those who were dancing the "Turkey Trot."

Mrs. McConnell is president of the organization and she openly declared that the persons participating in the movements of the dance were "offending decency." There was no attempt to violate her order afterward, but this was due in part to Mrs. McConnell's action in having hotel employees watch the dancers.

ASSAILS TAFT FOR SHIELDING MAJ. RAY

WASHINGTON, Feb. 15.—Asserting that the "war department has gone into politics," and bitterly assailing President Taft for any part he may have had in shielding Major Beecher B. Ray from court martial, Representative Helm, chairman of the house committee which is investigating the Ray scandal, today declared his belief that the people should demand an explanation of why the army was "a political adjunct of the presidency." "Men of no morals have been placed in the army because they have assisted in the election of presidents, or because of their ability to swing votes," he charged.

PLEDGE FAITH TO BOB AND APPEAL TO THE NATION

(Continued from Page 1)

to rich and poor alike; a model railroad rate commission has made its transportation systems the servants, not the masters of the people; a public utility act has made service rates fair and every dollar of investment safe; anti-pass legislation and anti-lobby acts have whipped corruption from its legislative halls; an industrial commission provides for labor the highest measure of safety, and eliminates accidents and occupational diseases so far as human foresight can guard against them; an industrial insurance act takes the burden of inevitable accidents from off the back of the individual or his stricken family and places it upon industry as a whole. Civil service legislation has substituted in public service the keynote of efficiency for the slogan of the spoils system. These measures, secured within the last decade to our people, have come through the strong, aggressive leadership and wise constructive statesmanship of La Follette.

"The Nation's Need
"National problems of far reaching importance now require solution and the same high qualities of leadership and statesmanship are demanded of the republican party by the people if that party is to command their confidence.

"La Follette asks nothing for himself. It is the people's cause which he has made infinitely greater than the cause of any man or party.

"Progressive republicans must not and will not on the eve of battle desert or falter in their support of the man who was chosen by the national progressive organization in the beginning to lead the fight.

"We believe in the permanent advancement of progressive principles. We believe in the man who, above all others, has made these principles the watchword in the nation, and guided by a desire to discharge our duties as citizens of the republic, patriotically and intelligently, we renew and reaffirm our pledge of support to Robert M. La Follette for the republican nomination for president of the United States."

Vasquistas Under Ponce Take Palomas; British Subjects Attacked Near Parral

EL PASO, Texas, Feb. 15.—Palomas, Chihuahua, a port of entry opposite Columbus, N. M., has been seized by Vasquistas, according to Collector of Customs Leono Perez, who escaped from the victorious rebels and arrived here today.

The Vasquistas are commanded by D. Ponce. He has 190 men at Palomas and he denies that any of his troops raided Dailey's ranch, on the American side of the border, as reported in Washington dispatches.

A serious condition exists near Parral, Chihuahua, according to advices from there. They declare brigands yesterday raided the home of James Hamilton, a British subject

and agent for the Torreon smelter. The dispatches assert that Mrs. Hamilton was assaulted by several brigands and her husband, after being mistreated, was compelled to pay the bandits \$8,000 pesos. Mrs. Hamilton is a relative of President Madero.

The Juarez peace commission has returned from Casas Grandes, having been released by Vasquistas, who kept the commissioners under guard for more than a week.

Grain Letter
CHICAGO, Feb. 15.—The grain market opened today with a quick dip in wheat, after which prices strengthened and there was a gradual strengthening tendency. A heavy run of wheat at Minneapolis caused the unfavorable tone at the opening but cable advices of higher prices in Europe and South America, caused the stiffening here after the initial break.
Corn prices were firm. May corn went to 69c early in the trading, but met a large number of stop orders which kept it down to 68 1/2c.

pool prices were higher with an increased demand for corn for immediate delivery. The demand in the southwest was also reported increasing.
The oats trade was very moderate in volume, but prices worked higher in sympathy with other grains. A report was circulated that local stocks of this grain will soon become exhausted with the steady demand from the east and the small receipts.
The tone in provisions was easy with considerable selling on the part of the small packers. The heavy receipts of hogs is taken as a bear argument in this trade.

COMMISSION TO SELL TICKETS

World's Series Ticket Selling to Be in Hands of National Board to Stop Scalping

CHICAGO, Feb. 15.—Owing to their eagerness to discuss possible baseball trades the magnates of the American league were late in gathering here yesterday. When all hands were mustered it was announced that the meeting would probably continue over today.

President Johnson submitted the proposed schedule for 1912, which is the same as that played in 1910. The magnates also took up preliminary discussion of proposed changes in the national agreement rules. These include: The securing of waivers from all clubs in both leagues before a player can be sent to a minor league club and the furnishing of greater protection for players drafted from the minors by requiring that every player so secured be given a bona fide trial before being "farmed out."

The magnates present are: Frank Farrell, New York; Clark Griffith, Washington; Colonel Robert Hedges, St. Louis; Frank Navin, Detroit; Charles Somers, Cleveland; Connie Mack, Philadelphia; James McAleer, Boston, and Charles Comiskey, Chicago.

The new rules governing the playing of the world's series games in the future were expected to be adopted at this afternoon's session of the American league magnates. The club owners would rule, it was said, before the meeting began, that the sale of tickets for these games will hereafter be entirely in the hands of the national commission. The magnates desire to avoid another ticket scalping scandal like the one that caused so much trouble at the close of last season.

Several changes in the league constitution were made yesterday afternoon. It was decided that 25 per cent of each club's share of the profits from the world's series will be paid into the league treasury. This will be used as a "war fund" if necessary. It was also voted that a player who has been suspended for a period of more than ten days may appeal his case to the board of directors, thus "clipping the wings" of President Lynch. The question of postponed games was settled by a change in the law of the league which makes it imperative for the home club to set the date for playing the game, notify the league president at once, and place the game on the regular schedule.

MURPHY GIVES GOOD FIGHT TO PACKEY

SOUTH BEND, Ind., Feb. 15.—Fight fans today declared the bout between Packey McFarland and Eddie Murphy was the greatest fight staged in the middle west since the memorable battle in Milwaukee between Stanley Ketchel and Billy Papke. An almost unanimous popular verdict gives McFarland the decision, although at the end of the ten round journey Murphy was fighting as strong and defiantly as at the beginning. McFarland scored a knock down in the fourth and for the greater part of this and the next session Murphy was on the defensive. The Boston boy quickly recuperated and in the last three rounds they were on even terms, standing a large part of the time toe to toe, raining blows upon each other. McFarland's foot work was remarkable. He ducked so many hard swings that fans believed Murphy's judgment of distance bad. Murphy showed some excellent defensive work and several times covered so effectively that Packey was helpless to land a telling blow. Four thousand fans watched the mill.

WILL NOT RE-ENTER THE RING

CHICAGO, Feb. 15.—Jack Curley, Jim Flynn's manager, said here today that Jim Jeffries will never fight again.

"I talked with Jeff the last time I was in Los Angeles," said Curley, "and he declared he was through with the fight game. He even hates to talk fight."

Some of Jeffries' friends here asserted the former champion had informed them he would battle again if arrangements were made to his liking for a meeting with Johnson.

If I Had Eczema

I'd simply wash it away with that soothing liquid, D. D. D. Prescription. The very first drops instantly stop that awful itch. A 25 cent trial bottle will prove it.

We cannot absolutely guarantee a cure every time but we do say this. If the first regular size \$1.00 bottle does not do exactly as we say it will not cost you a cent. Better try a bottle at once on our personal guarantee.

NORMAL TO MEET RIVER FALLS FIVE

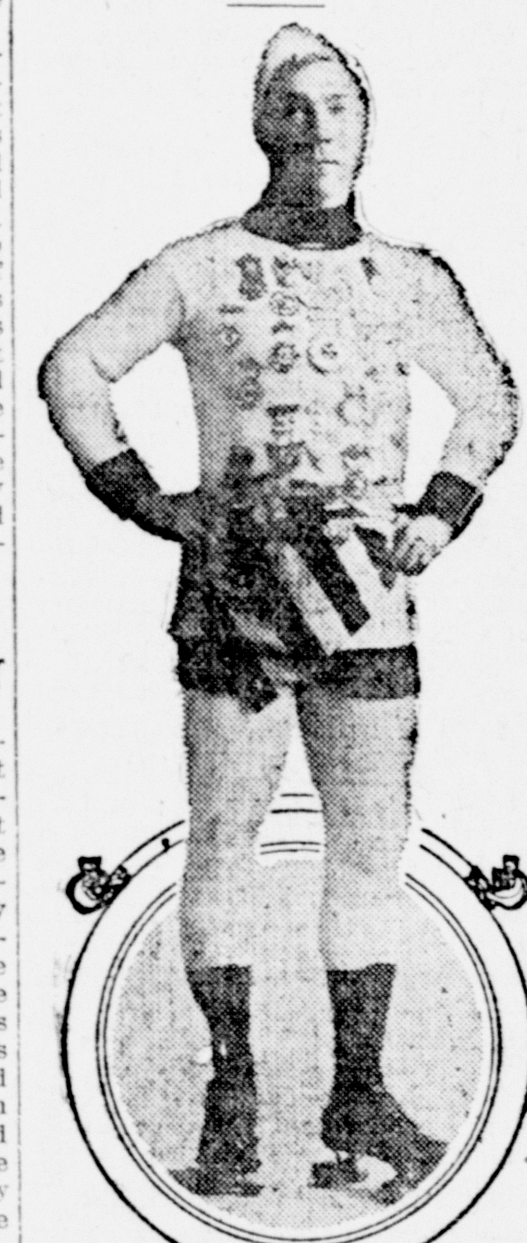

Local School Looks for a Close Victory Over Up-river Basketball Team

The members of the Normal basketball team will leave tomorrow morning for River Falls where a game with the River Falls Normal will be played. The two teams met here some time ago and a sweeping victory was recorded for the locals but the up river aggregation has improved a hundred per cent since then and a stiff contest is anticipated. The boys are optimistic, however, as to the outlook and hope to have the Platteville game here the only defeat on their calendar when the season ends. Milwaukee Normal comes here March seventh and on the fifteenth the team will go to Platteville where they hope to turn the tables on the Lead country quintet.

Indoor practice in baseball is taking place daily at the Normal school and the squad will be limbered up considerably when the outdoor season opens. With an abundance of good pitching and infield material, one of the strongest teams in the history of the school will be the result.

Captain Bonneville of the track team will soon issue a call for candidates for the members of the squad and the prospects are that a large number of men will answer the call. The weights and other field events will be well represented this year and a strong team will doubtless be formed.

200 POUND CUPID GIVES VALENTINES

Amherst Club Entertains at "Social Hour" at the Normal; Teachers Receive Favors

With a two-hundred pounder in the form of Elmer Wolfe, football player and general heavyweight man, doing duty as Cupid arrayed in gossamer red tunic with wings and bow and arrow, the members of the faculty of the Normal school were each presented with a huge heart of red cardboard inscribed with fun, provoking limericks, at the "social hour" yesterday by the Amherst club who had charge of the entertainment. On entering the gym each guest was given a piece of a heart with instructions to find the owner of the other half. Then the fun began. Prof. Moore made some funny speeches which ushered in Cupid Wolfe who passed around the "Be My Valentines" to the teachers and would-be such. President Cotton, Miss Eustice, and Miss Hutchinson received theirs with good grace but Prof. Denoyer's was voted the most appropriate. It consisted of a miniature earth under socialistic rule. Prof. Sanders with his "concrete example" and Prof. Bretnall and his zoological frog followed closely for the honor. The students also had a valentine box opened as in their kindergarten days, and after a period of fun and laughter, the rest of the afternoon was spent in dancing with music furnished by the Normal orchestra.

The domestic science class under Miss Spence served luncheon to the new students this noon, about fifty being present. The domestics did themselves proud in the line of cooking and the luncheon was arranged in a very tasteful manner.

Professor Fairchild of the physics department gave a very instructive talk to the Art class yesterday on the subject, "The Physics of Color."

REPORTS FALSE, SAYS SENATOR

FARGO, N. D., Feb. 15.—Senator Robert M. La Follette of Wisconsin this morning issued a formal statement to the voters of North Dakota, in answer to an urgent message from the Courier-News, asking that he quiet the numerous rumors of withdrawals and serious illness which have been circulated over North Dakota in the last few weeks. The statement, sent from Washington, is as follows:

"In response to your telegrams, I will say to the progressive republicans of North Dakota that the reports that I have withdrawn as a candidate are false, and the statements regarding my health are gross misrepresentations. They are part of the pressure brought to bear to force me from the contest which I willingly undertook at a time when no one else could be induced to make the fight.

"I have overtaxed my strength and require a few weeks' rest, which I shall take, and return with renewed vigor to the struggle for thoroughgoing progressive principles. I want the support of delegates who are ready to win, or lose if need be, in the interests of a great cause, without compromise and without entering into any deals or combinations. Let me, though, assure the voters of North Dakota that I shall, as always, keep faith with them and with supporters in other states, and shall remain a candidate, steadfast to the end."

A HARMLESS WAY TO DARKEN THE HAIR

A Little Sage and Sulphur Makes Gray Hair Vanish;—A Remedy for All Hair Troubles

Who does not know the value of Sage and Sulphur for keeping the hair dark, soft and glossy and in good condition? As a matter of fact, Sulphur is a natural element of hair, and a deficiency of it in the hair is held by many scalp specialists to be connected with loss of color and vitality of the hair. Unquestionably, there is no better remedy for hair and scalp troubles, especially premature, grayness, than Sage and Sulphur, if properly prepared.

The Wyeth Chemical Company of New York put out an ideal preparation of this kind, called Wyeth's Sage and Sulphur Hair Remedy, in which sage and sulphur are combined with other valuable remedies for keeping the hair and scalp in clean, healthy condition.

If your hair is losing its color or constantly coming out, or if you are troubled with dandruff or dry, itchy scalp, get a fifty cent bottle of Wyeth's Sage and Sulphur from your druggists, use it according to the simple directions, and see what a difference a few days' treatment will make in the appearance of your hair.

All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented.
